### **Q3 Trading Update - 30 October 2020**

Computacenter plc ("**Computacenter**"), a leading independent technology partner trusted by large corporate and public sector organisations, today publishes a trading update, based on unaudited financial information, for the third quarter to 30 September 2020 ("**the quarter**").

The quarter finished as we had anticipated when we reported our Interim Results on 9 September 2020 and we are highly pleased with the performance, as a whole, across all our major geographies. The Board is very comfortable with its current expectations for the full year as we have entered the fourth quarter with good short-term visibility and a strong backlog of orders.

Further to our announcement on Friday 23 October 2020 that followed the shareholder vote held on the same day by Pivot Technology Solutions, Inc. ("**Pivot**"), in Canada, we are pleased that Pivot will become part of Computacenter on Monday 2 November 2020. On the same day we will also complete the transaction to acquire BT Services France which will be renamed Computacenter Network & Systems and become a wholly owned subsidiary of Computacenter France SAS. These acquisitions will have a marginal positive effect on our 2020 results but should, together in aggregate, add significantly to 2021.

We look forward to publishing our Pre-Close Trading Update announcement on Friday 22 January 2021.
